

**REMARKS**

Claims 1-4 are pending in this application. Applicants amended claim 1 to recite administering the pharmaceutical composition "to a person in need of improvement of blood circulation." The specification supports this amendment at, for example, page 2, lines 2 and 3. Thus, this amendment does not introduce new matter.

Applicants wish to thank the Examiner for the telephonic interview held with Applicant's representative on April 12, 2011. For at least the reasons set forth in the reply filed on February 16, 2011, Applicants believe that pending claims 1-4 are already allowable. Solely to advance prosecution, however, Applicants have amended claim 1 to recite administering the pharmaceutical composition "to a person in need of improvement of blood circulation" as suggested by the Examiner during the interview.

Applicants submit that claims 1-4 are in condition for allowance, as acknowledged by the Examiner. Accordingly, Applicants respectfully request withdrawal of the rejections of record and the timely allowance of claims 1-4.

Please grant any extensions of time required to enter this Supplemental Reply and charge any additional required fees to Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,  
GARRETT & DUNNER, L.L.P.
